Kiwale, Maharashtra, 2025: The Bhoomipoojan ceremony for the proposed Shree Baapdev Maharaj Mandir was conducted in the presence of devotees, temple trust members, community leaders, and public representatives, marking the formal commencement of a project envisioned to become an important spiritual and cultural landmark for the region.

Designed by Shilpi Architects and Planners, the temple has been conceived as a space that honours the spiritual legacy of Shree Baapdev Maharaj while preserving traditional architectural values and responding to the evolving needs of the community. Beyond its role as a place of worship, the project aims to serve as a center for cultural activities, social interaction, and community engagement.

The ceremony witnessed the participation of Shri Shrirang Barne, Member of Parliament, and Shri Shankar Jagtap, Member of the Legislative Assembly, along with devotees and local residents. The occasion reflected the collective support and enthusiasm surrounding the development of the temple.

A special moment during the event was the felicitation of the Principal Architect of the project in recognition of the firm's contribution to the planning and design of the proposed temple. The acknowledgment highlighted the collaborative efforts behind a project that aspires to strengthen the region's cultural and spiritual identity.

The Bhoomipoojan marked the beginning of a shared journey between the temple trust, devotees, public representatives, and the design team. Upon completion, Shree Baapdev Maharaj Mandir is expected to emerge as a significant destination for worship, reflection, and community life, contributing to the preservation of local heritage while serving future generations
